Greenspun...

*Where students
learn to succeed and
succeed to learn.*

School Song:

*We're the school where hope
and pride live throughout our
halls; our great spirit shines
above Greenspun Junior High.
Friendship and true loyalty
still go hand in hand; with the
dolphin spirit we love Greenspun
till the end.*

Beyond

As we go into the future we rarely think about the past and the mistakes we have made. We should acknowledge these mistakes and learn from them. If we don't then today's mistakes could lead to tomorrow's tragedy. Changing these mistakes could make the future a better place for everyone.

MEMORIES

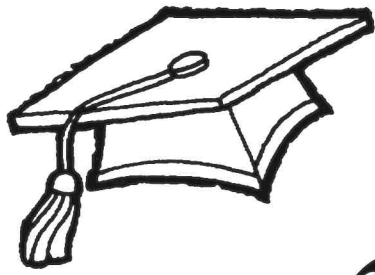

The good and bad times of this year have come and gone. Friends, fellow classmates, and teachers shall always be remembered. Some may not be far away, and others may never return. This yearbook, a special book, is a tool used to remember the best memories of the year. Memories are special thoughts or events that will never to be forgotten. When you open this memory book, 10 years from now, it will bring a smile to your face. Things that you had forgotten will come back to you. So when you think of the graduates of 2000, 2001, 2002 remember all of these special memories that are held within this yearbook.

By: Andrea Castaneda and Rachel Falchi

Of all the things you succeed at or fail trying to reach, the greatest are those things you share with another person. Such things can be found within the pages of this yearbook. As you look through this book, be it now or 50 years from now, it will bring to remembrance the great times you had here at Greenspun. While you shoot for the year 2000 and beyond with high hopes for your future, remember those things, whether great or small, which you excel at because of Greenspun. Remember the basketball games won, the dances held, and the friends made. But most of all— remember to share those things with someone close to you.

Life!!

Life can have it's ups and downs.

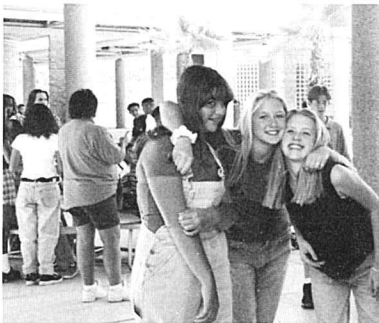

You can be happy or you can be sad, confused and bewildered, are some emotions of life. Being scared can be tough at times.

But, when you are with a loved one it is a special memory!!

When you want to be all alone, you just hide away from the world.

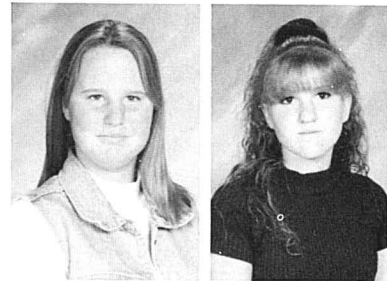

That is not the best way to handle life.

Talking to a special someone is a way to handle life. Life is grand, so do not let it get you down!!

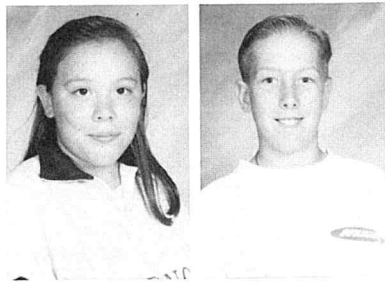

FINDING THAT SPECIAL SOMEONE!!!

Looking for that special someone can be tough, but when you find them you know it is true love! Love may be blind, but when it is true, you can always see through it. True love can only mean one thing, that you found that special someone!

Crazy People

I'm stuck inside these walls
With no hope of getting out
There's crazy people out there
People who are keeping me in
I can't go to the store or to the park
I can't go see my friends
Because "it's just too dark"
"Crazy people are out at night" they say
These crazy people are keeping...
Keeping the children like me indoors,
Inside and away from fun
Away from our childhood
These crazy people are taking our childhood
And hurting the inner child in us all
The parents never let their guard down,
They never let us play
They say "there's crazy people out there"
Those crazy people are making us feel...
Feel as if we're trapped inside these walls
The crazy people are keeping us in.

The Smiley Face

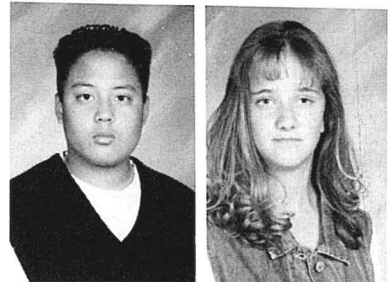

What's so great about
the smiley face?

- it's naturally sweet!
- it's not fattening!
- it's great on rainy days!
- it's full of sunshine!
- it's never depressing!
- it's never violent!
- and it looks good with any outfit!

What Is Greenspun?

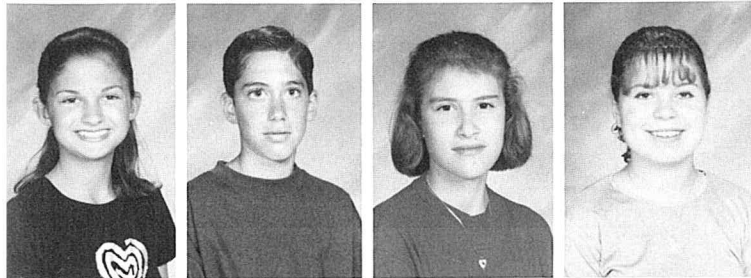

Greenspun, not only a big block of hollow wood covered in stucco and plaster where you go sit for six hours a day. It's much more than that. Greenspun is a growing, exciting, place called school. School!? You think in horror and disbelief. Yes, school... Greenspun, a warm, loving, caring, clean, fun place to be. "Friendly" would also describe Greenspun. I know that you have made friends here. The teachers make work fun. Therefore, learning new things, and expanding your mind, are fun. It may be hard to believe, but Greenspun... is school.

My Teacher
David Boshko

The teacher I like the best is Mr. Boshko. Mr. Boshko is a very fun and a very nice teacher. He does fun activities and everybody learns from him and his activities. However, when it comes to learning, he is very serious. He teaches history well because he knows what seventh grade students like. The students he teaches say "He's the Best."

The Best in the West**

Greenspun, the mirror image of excellence, Greenspun, flooded with the power of knowledge, everywhere. The teachers are great, the knowledge you gain here, decides your fate. In other wards, it's essential, that you attend. Even though the school year ends in a test, Greenspun Jr. High is definitely: the best in the west.

I thought microwave was for cooking.

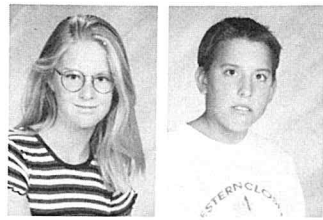

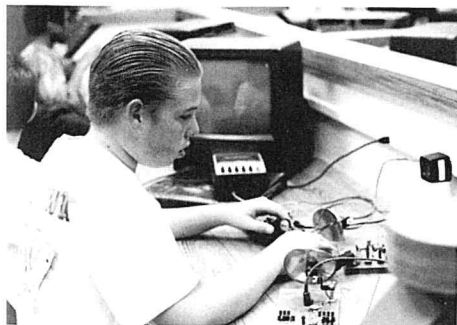

Ira Kimball: English teacher, and probably the best I know at that. Ira Kimball is upbeat, wham-shabang, and clever at his work. Not only does he teach the work of english, he applies it. A thinking man, he breaks all of the rules of a typical english teacher. He uses the english book for around a week at the beginning of school, lets his students stand up and debate loudly during class, and feels that everyone has a right to their own opinion. Overall, Ira Kimball is my and many others, favorite teacher. Josh Harris

School Work

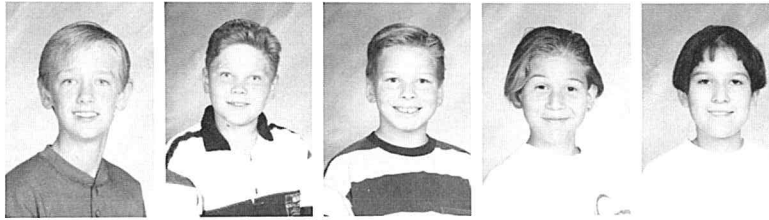

School work is such a bore
They give us so much I can't take it anymore
Why should we do it at all
When instead I could be at the mall
School and school work is no fun
But laying out at the beach in the sun, That's fun
But parents say we have to go
But if they went to our school they will know
Even though school and school work is a bore
I guess I'll go a few years more
